COVID-19 SCREENING FLOW CHART

**NO FLAGS**
Proceed to school

**HIGH RISK TRAVEL**
Follow public health quarantine order.*
Child remains home for 10 days since date of return.

**EXPOSURE**
Follow public health quarantine order.*
Child remains home for 10 days since exposure.

**DIAGNOSIS**
Cannot go to school
Follow public health isolation order.*
Child remains home for 10 days since first positive COVID-19 test.

**SYMPTOMS**
Cannot go to school
Follow normal school policies to return to school.

- If determined by PCP to have a diagnosis other than COVID-19, follow normal school policies to return to school.
- If a COVID test is negative and child has had no fever for at least 72 hours (without use of fever reducing medicine) and feels better, follow normal school policies to return to school.
- If no COVID test is done, child needs to stay home for 10 days since first symptom, no fever for 72 hours (without use of fever reducing medicine), and feels better, follow normal school policies to return to school.

**TEST FOR COVID-19?**
- If no symptoms, testing is not required because it will not change the child’s need to quarantine for 10 days. If you would like to pursue a test, contact your Primary Care Provider (PCP). Testing would not be recommended until 4 to 5 days after potential exposure.
- Individuals exposed to COVID-19 can end their quarantine after 10 days without a testing requirement as long as no symptoms have been reported during the quarantine period. After day 10 is reached, individuals must continue monitoring for symptoms through day 14 and if any develop, they should immediately self-isolate and contact their local health department or their health care provider to report this change and determine if they should seek testing.

**潜在症状**
- 咳嗽
- 短气/呼吸困难
- 新出现味觉或嗅觉丧失
- 体温≥37.8°C
- 寒战
- 疲劳
- 咽痛
- 恶心、呕吐或腹泻
- 肌肉痛或身体疼痛
- 头痛
- 鼻塞

**DO PARENTS OR THOSE IN THE HOUSEHOLD NEED COVID-19 TESTING?**
- Parents of children sent home from school and ordered into quarantine by the Public Health Director as a close contact to a known COVID-19 case do not need to be tested.
- If you or your child develop symptoms of COVID-19, consult with your public health nurse and PCP.
- Children in Isolation or Quarantine are monitored by public health staff and parents will be advised accordingly on an individual basis.
- New York State has issued guidance on Public/Private Employees Returning to Work following COVID-19 Infection or Exposure and can be found at: https://coronavirus.health.ny.gov/protecting-public-health-all-new-yorkers#employees. This guidance does not apply to healthcare or nursing home professionals.

**Potential Symptoms for COVID-19**
- 咳嗽
- 短气/呼吸困难
- 新出现味觉或嗅觉丧失
- 体温≥100.0°F
- 寒战
- 疲劳
- 咽痛
- 恶心、呕吐或腹泻
- 肌肉痛或身体疼痛
- 头痛
- 鼻塞

**EXPOSURE**
Follow public health quarantine order.*
Child remains home for 10 days since exposure.

**TEST FOR COVID-19?**
If no symptoms, testing is not required because it will not change the child’s need to quarantine for 10 days. If you would like to pursue a test, contact your Primary Care Provider (PCP). Testing would not be recommended until 4 to 5 days after potential exposure.

**INFECTED CHILD**
- 10 day quarantine because he/she has already passed through the pre-symptomatic phase. Repeat COVID testing is NOT needed in order to return to school.

**HOUSEHOLD CONTACTS**
- 10 day quarantine.

* The Health Department will issue Isolation and Quarantine Orders, monitor positive cases and close contacts, and officially release individuals from Isolation and Quarantine. Per CDC guidance, people who have tested positive for COVID-19 within the past 3 months and recovered do not have to quarantine or get tested again as long as they do not develop new symptoms.

**Schools are to keep track of all excluded students/staff with symptoms with the goal that they will be evaluated by a medical provider and tested for COVID-19 within 48 hours of symptom onset. This tracking will enable public health and school officials to act accordingly based on a case by case basis.

**DO PARENTS OR THOSE IN THE HOUSEHOLD NEED COVID-19 TESTING?**
- Parents of children sent home from school and ordered into quarantine by the Public Health Director as a close contact to a known COVID-19 case do not need to be tested.
- If you or your child develop symptoms of COVID-19, consult with your public health nurse and PCP.
- Children in Isolation or Quarantine are monitored by public health staff and parents will be advised accordingly on an individual basis.
- New York State has issued guidance on Public/Private Employees Returning to Work following COVID-19 Infection or Exposure and can be found at: https://coronavirus.health.ny.gov/protecting-public-health-all-new-yorkers#employees. This guidance does not apply to healthcare or nursing home professionals.
