

# Panama Central School

Parent/Guardian,

Panama Central School provides Response to Intervention/Academic Intervention Services to all students. These services are designed to help students achieve the standards in English Language Arts and Math by providing additional instruction or support services.

After periodic reviews and assessments at various grade levels, students are placed in an intervention group that best supports their individual needs.

Your child will receive at least 30 minutes of intervention during the school day. They will receive the services and/or supports from a faculty member, which may include your child's teacher, an interventionist, or other qualified staff. The school personnel will work to provide your child with the necessary skills and supports to be successful in achieving the expected learning standards.

The grouping of students and instructors responsible for tiered intervention may vary throughout the year, as your child's needs change. Progress will continue to be monitored to ensure we are meeting the instructional needs of all students.

If you have any questions or wish to request additional information about your child's progress, please do not hesitate to call the school at (716) 782-2455.

Sincerely,

Leah Hayes  
Elementary Principal
