Safety Risk Identification & Dissemination

All students are expected to promptly report violations of the Code of Conduct to a teacher, guidance counselor, principal or his or her designee. Any student observing a student possessing a weapon, alcohol or illegal substance on school property or at a school function must report this information immediately to a teacher, principal, principal’s designee or the superintendent.

All District staff who are authorized to impose disciplinary sanctions are expected to do so in a prompt, fair and lawful manner. District staff who are not authorized to impose disciplinary sanctions are expected to promptly report violations of the Code of Conduct to their supervisor, who shall in turn impose an appropriate disciplinary sanction, if so authorized, or refer the matter to a staff member who is authorized to impose an appropriate sanction.

Any weapon, alcohol or illegal substance found shall be confiscated immediately, if possible, followed by notification to the parent of the student involved and the appropriate disciplinary sanction if warranted, which may include permanent suspension and referral for prosecution.

The principal or his or her designee must notify the appropriate local law enforcement agency of those Code violations which constitute or may constitute a crime and which, in his or her judgment, substantially affect the order or security of a school, its students, and/or its staff, as soon as practical. The notification may be made by telephone and may be followed by an appropriate written document. The notification must identify the student and explain the conduct which violated the Code of Conduct and which constitutes or may constitute a crime.

Prevention & Intervention

Law Enforcement Collaboration

Panama Central School works closely with the New York State Police and Chautauqua County Sheriff's Department. The Chautauqua County Sheriff's Department performs routine school visits. They are also requested and/or notified of large events taking place within the district or for routine safety checks of the building, as deemed necessary by an administrator.

To further encourage positive relations with law enforcement officers, Panama Central School provides new officers a walking tour of the building, visitor procedures, parking instructions, and instructions on
how to directly contact an Administrator in the building. This process is followed in an effort to effectively collaborate with all law enforcement agencies.

**School Safety Anonymous Reporting System**

Students will have the opportunity to report any threat of violence or related concerns anonymously through an online reporting system. Reports will be assessed by a building team based on the severity of the report.

**School Safety Training Programs**

Panama Central School offers multiple opportunities for School Safety Training. The following is a list, but not limited to, opportunities for School Safety Training:

**Elementary School**

In grades K-6, students are provided the Michigan Model for Health curriculum. While the scope and sequence of curriculum is not all violence prevention, it offers sections relating to school safety. Specifically, the following is covered:

- Social/Emotional Health/ Character Development

- General Safety Awareness
- Personal Health & Wellness

In addition, The School Psychologist works with the K-6 health teacher to supplement the Michigan Model Health curriculum to cover the CR Health Education Part 135 requirements. These include but are not limited to School Safety training units.

**Middle School**

The Secondary Guidance Counselor pushes into 7th and 8th grade health courses that align with CR Health Education Part 135. Specifically, topics that are covered, related to nonviolent conflict resolution are:

Parent Training

To ensure that parents are included in our school safety prevention and intervention efforts, safety information is provided on an as needed basis. A Parent Tech. Literacy video is available on the school website. Parents are provided information in regards to social media and technology as it relates to their child’s mental health. From this training they will be provided with preventative tools and resources to ensure that they are able to meet their child’s social and emotional health needs.

Conflict Resolution

In addition to formalized general education curriculum supports for school safety training, the Secondary Guidance Counselor, School Social Worker and School Psychologist provide conflict resolution and mediation between students on an as needed basis. This is performed either with individuals or in a group setting, depending on the need. Both are required to communicate and share information with the Building Principal in the event that they feel or it is reported that a student may hurt themselves or someone else in order to ensure a safe school environment.

School Safety & the Educational Climate Incident Reporting

All threats of violence are taken seriously at Panama Central School. Reports are considered to be a means of prevention and intervention, opposed to punitive action. Students and parents are encouraged to report incidents or issues that are not limited to, bullying, harassment, discrimination, and at-risk behavior to their Building Level Principal/ DASA Coordinator, Guidance Counselor or School Psychologist.

School Safety Personnel Training

All administrators, teachers, and staff are required to perform hall monitoring and school security duties. For this reason, all individuals working in this capacity are provided training. The following are, but not limited to, opportunities for School Safety Personnel Training:

- Utica National Insurance Group Safe Schools Training

• Frequent Safety Drills with practice & feedback
• Input & Feedback through the use of Google Forms to continually improve safety procedures

Multi-Hazard School Safety Training

To fulfill the Multi-Hazard School Safety Training Requirements, Panama utilizes Utica National Insurance Company to provide online training that is mandatory prior to September 15th. The following is the training plan:

Bloodborne Pathogen Exposure Prevention
Hazard Communication: Right to Understand
Identifying & Addressing School Violence
Student Mental Health

Safety Drills & Protocols

Panama Central School will be in compliance with Education Law 807 in that drills shall be held at least twelve times in each school year, eight of which shall be held between September first and December thirty-first of each such year. Four of all such required drills shall be lock-down drills. At least two additional drills shall be held during summer school in buildings where summer school is conducted, and one of such drills shall be held during the first week of summer school.

The following procedures will be followed for all emergency drills:

Lockout

A Lockout announcement indicates that there is either an eminent concern OUTSIDE of the building or it is determined by the Superintendent or his/her designee that there is a national concern warranting a security increase and strict lockout procedures must be followed.
